# UK Maritime Policy Update

Katrina Kemp

Nov 2020

# Welcome

- MARlab
- Maritime Future Technologies Team
- What now?
- What next?

Maritime &  
Coastguard  
Agency

# Thank you

# Maritime Future Technologies

*Focus: Emissions Reduction and Autonomy*

- Building capability and capacity
- Accelerating MCA thinking
- Mapping the complex stakeholder landscape
- Formalising collaborative partnerships

# What will the team do?

An aerial photograph of a container ship's deck, showing rows of colorful shipping containers in shades of blue, red, orange, and yellow. The ship is moving through dark blue water, with white wake visible. A semi-transparent red overlay covers the left side of the image, containing a list of tasks. The text is in white, bold font.

- Facilitate the Implementation of Projects
- Support Regulatory Change
- Influence Change

... which will support delivery of  
**Maritime 2050**, making maritime a  
cleaner, safer and more efficient sector

maritime  
2050
